

EXECUTIVE CHAMBERS

HONOLULU

LINDA LINGLE
GOVERNOR

April 30, 2010

The Honorable Calvin K.Y. Say, Speaker
and Members of the House of Representatives
Twenty-Fifth State Legislature
State Capitol, Room 431
Honolulu, Hawaii 96813

Dear Mr. Speaker and Members of the House:

For your information and consideration, the Information Privacy and Security Council, which is assigned to the Department of Accounting and General Services and chaired by the Comptroller, respectfully submits two (2) copies of the report to comply with the following provisions of Act 10, SLH 2008.

- The designation, by September 1, 2009, by each government agency of an agency employee to have policy and oversight responsibilities for the protection of personal information. As of this date, all entities have submitted the names of their designees except agencies noted as being non-compliant (Attachment A). We will continue to verify compliance until all agencies have named a designee.
- Information by entities (Attachment B) certifying that they do or do not maintain systems which contain Personal Information (PI) as defined by 2009 HRS§ 487N-7. We will continue to verify compliance until all agencies have complied.
- Certification in writing by entities (Attachment C) that they comply with Part VII, Section 11, of Act 10. As of this date, entities indicated in the attachment have submitted compliance notices to the members of the Council, who have verified each submitted report.

The Honorable Calvin K.Y. Say, Speaker
and Members of the House of Representatives

Personal Information (PI) System Report
2009 - HRS§ 487N-7

ACT 10, session laws of Hawaii 2008, amended Section 487-N Hawaii Revised Statutes. The Act established a statewide Information Privacy and Security Council (IPSC) comprised of representatives of state, city and county agencies, the legislature, and the judiciary.

One of the tasks is for the IPSC to report annually to the legislature regarding:

" The council shall review the individual annual reports submitted by government agencies, pursuant to section 487N-7 and submit a summary report to the legislature no later than twenty days prior to the convening of the regular session of 2010 and each year thereafter. The summary report shall include the council's findings, significant trends, and recommendations to protect personal information used by government agencies.

The initial report to the legislature also shall include proposed legislation to amend section 487N-2 or any other law that the council deems necessary to conform to the guidelines established under subsection (c)."

The IPSC has drafted an **initial** report of the council's findings, trends and recommendations, and also a summary table of the agencies reporting to the council for the legislature's review. However, "proposed legislation to amend HRS §487N-2 or any other law that the IPSC deems necessary to conform to the guidelines under subsection (c)" will be addressed in the **final** report.

1. IPSC Findings Regarding the Personal Information System(s) Submitted by Government Agencies.

- Total Number (Approximately) of Government Agencies that could maintain a Personal Information System(s): **213**

- Total number of agencies that submitted confirmation to IPSC that agency **does maintain** Personal Information System(s): **66 (66 / 213 = 31%)**
- Total number of agencies that submitted confirmation to IPSC that agency **does not maintain** Personal Information System(s): **12 (12 / 213 = 5.6%)**
- Total number of agencies that **did not submit** Personal Information System(s) Report confirmation to IPSC: **143 (134 / 213 = 63%)**

2. **Significant Trends - Protecting Personal Information Used by Government Agencies.**

- There is a national convergence of federal laws that regulate the protection and breach notification requirements of personal/confidential information related to various industries and sectors of the U.S. economy.
- Specifically, the Federal Trade Commission's ("FTC") "Red Flag Rules" and the American Recovery and Reinvestment Act's ("ARRA") "Breach Notification Rules" for the Health Insurance Portability and Accountability Act ("HIPAA").
- There is proposed legislation in Washington D.C to nationally regulate breach notification requirements that would preempt any states' requirements.

3. **Recommendations for Protecting Personal Information Used by Government Agencies.**

- The IPSC continues to assist all government agencies to continuously monitor their collection, use or maintenance of personal information as only required by federal or State laws.
- The IPSC should review and evaluate applicable federal and State laws related to the protection and breach notification requirements of personal information to ensure agencies' compliance with stricter laws and recommend revisions to state law(s) to the legislature as needed.
- The IPSC should continue providing outreach to agencies regarding the protection of personal information and continue to work with government agencies on improving methodologies such as the best practices guidelines developed by the IPSC.
