I. Call to Order

Quorum was established and Chair Hoang called the meeting to order at 1:04 p.m.

II. Review and Approval of the February 16, 2022 Meeting Minutes

Chair Hoang made a motion to approve the minutes, which Member Ito seconded. The motion carried unanimously.

III. Public Testimony on Agenda Items

Chair Hoang offered the opportunity for public testimony. None was provided.

IV. Annual Personal Information System Report

- Report Form Changes Recommended

Chair Hoang noted the primary action for this item is for him and Member Ito to review adjustments as discussed at the last meeting; however, this action was not yet completed due to time constraints and due to the current legislative proposal to redefine personal information, so it is probably for the best to delay any changes. He noted that a hearing for this measure will take place this afternoon. Chair Hoang asked if anyone had comments about the form itself and suggested that results of the legislation would better inform any changes to the report form. Member Ito agreed.

V. 2022 Legislation

Chair Hoang reviewed relevant legislation introduced this session:

- The privacy bill was reintroduced in the current legislative cycle as Senate Bill 2292. This bill is similar to one submitted in prior years, which modernizes and redefines what personal information is, according to HRS Chapter 487N, and separates the definition into “identifiers” and “data elements” found in other laws.

Updates to the proposed legislation:

- SSN Identifier – Now protects more than the last four digits
- Clarified that the data element definition does not include medical information already protected by HIPAA, to avoid double encumbrance.
- Clarified that insurance licensees subject to the Insurance Data Security Law are deemed in compliance, also to avoid overlap.

Chair Hoang noted that a reportable event is when a defined identifier in combination with a defined data element is exposed.

- House Bill 2070 and companion Senate Bill 3038 were introduced as part of the Governor’s package and amends HRS section 487N-5(a) to permit IPSC designees to act on the member’s behalf in order to ensure quorum:

Chair Hoang asked if there were any comments about the bills. There were none.

VI. Good of the Order

- Announcements
 - Member Ito announced upcoming events as part of a statewide effort to increase the IT workforce pipeline in Hawaii. Please contact her if interested.
 - GenCyber program – cybersecurity camp experiences for K-12 students to generate interest in cybersecurity careers. (<https://www.gencyber-hi.org/>)
 - Leap-Start program – offering real world IT experience and teaching social and critical thinking skills for prospective college graduates
 - IT Career Fair – currently in the planning stages, open to UH students, recent graduates, and possibly others.
- Next scheduled meeting: April 20, 2022

VII. Adjournment

Chair Hoang made a motion to adjourn the meeting, which was seconded by Member Ito. With no objections, the meeting adjourned at 1:21 p.m.
